

Day ten to Day fifteen, 20th to 24th January Master classes and opening ceremony

Master classes were held in MUST and the official opening of the ACTEA lab done. The Lab openings were broadcast live and graced by the Vice Chancellor MUST and the Belgian Embassy assistant head of Mission. Master classes were in educational technology, prototyping and automation. The Master Classes were attended by staff and students of MUST, and industry partners from companies in Mbarara.

Day Sixteen 25/01/2022, Funding Meeting and visit to Nile Breweries

Presentations were held about different funding opportunities available to MUST and other partners. The day was capped with a visit and discussions with Nile Breweries Mbarara.

Day seventeen and eighteen 26th to 27th January; Travel to Entebbe and Meeting with Enabel

Travel to Entebbe to meet with representatives of ENABEL, MasterCard and the Belgian embassy about additional support to the ACTEA project. Discussions centered around the possibilities of MUST providing training using ACTEA equipment to provide paid trainings in automation to ENABEL projects in Western and Central Uganda while Muni University provides trainings to Northern and Eastern Uganda ENABEL projects.

Day Nineteen 28th January: Review Meeting

ACTEA Belgian team flies out to Europe. Return of South Coordinator to Kampala
